COTSWOLD VALE ALPACA - ALPACA EXPERIENCE

Were a family run Alpaca Breeding Business situated in the beautiful Cotswold's, on the Gloucestershire/Worcestershire border near the Vale of Evesham.

We dreamt of running a small holding and after much hard work we are now running a successful business and living the dream.

Alpacas are gentle curious creatures who are bred for their amazing fleece, which is soft, warm and has no lanolin in which makes it an excellent hypoallergenic fibre.

We breed and sell alpacas, giving customers full husbandry training with 24/7 on going support.

Although breeding is our main business, we wanted to share these amazing animals with others so we started "The Alpaca Experience"
